

The Ottawa Fertility Centre (OFC) requires all satellite monitoring requests to be sent by the physician responsible for the patient's care and test ordering by completing this Request for Satellite Monitoring Form and emailing it to our Satellite Coordinator at ofc-satellite@conceive.ca. All international satellite requests will be assessed by an OFC physician and any accepted patient must have a consultation at OFC.

PATIENT INFORMATION

Full Name		Date of Birth	__yy__mm__dd
Health Card Number		Phone (Home)	
Address		Phone (Cell)	
		E-mail	

TO BE COMPLETED BY REFERRING FERTILITY CENTRE

Name of the Referring Fertility Centre			
Address of the Referring Fertility Centre			
Name of the Referring Physician			
Contact Information of Referring Physician	Phone:	Fax:	
	E-mail:		
What treatment will be undertaken at your centre?			
Please indicate why this treatment cannot be done in Ottawa.			
Anticipated start date of monitoring			
Will this patient require injection teaching? Provide details.			
Are there any special concerns (medical or otherwise) that we should be aware of?			
What is the patient's BMI*			
Name of person who will coordinate patient's care at your fertility centre			
Contact information of patient coordinator	Phone:	Fax:

Results to be sent to the referring centre by:	<input type="checkbox"/> Fax <input type="checkbox"/> E-mail		

* For safety reasons, the Ottawa Fertility Centre does not offer IVF treatment to women with a BMI greater than 40. In the event that we provide ultrasound and blood testing for you on your patient with a BMI > 40, the referring centre will be responsible for arranging all obstetric appointments.

FEES

- 1) Patients are billed a \$1000 satellite coordination fee **per cycle** started.
- 2) An initial physician consultation is required for any patient who is not already an OFC patient prior to satellite monitoring and the cost of \$355.
- 3) Ultrasound and blood work are billed per test at current OMA rates. Refer to our web site fees.
- 4) If required, injection teaching and/or injections provide by one of our nurses will be billed to the patient. Injection teaching must be booked in advance.
- 5) If required, additional physician and nursing time will be billed to the patient at OMA rates.

HOW TO START SATELLITE MONITORING AT THE OTTAWA FERTILITY CENTRE

1. Referring clinic faxes or e-mails the **Request for Satellite Monitoring Form** to the Ottawa Fertility Centre (OFC). Fax: 613 225-9736 or E-mail: ofc-satellite@conceive.ca
2. An OFC physician will assess the referral and we will contact the referring fertility centre to indicate whether or not the OFC can accommodate the patient for cycle monitoring.
3. If eligible for satellite monitoring, the OFC Satellite Coordinator will contact the patient to collect the fees for satellite monitoring and arrange for the patient to sign the Consent Form for Satellite Monitoring (Appendix A). If the patient has not previously had a consultation within the past year with an OFC physician, we will arrange for this appointment to occur prior to any monitoring.

THE MONITORING PROCESS - Effective communication between all parties will ensure successful monitoring.

1. Prior to each visit (with minimum 1 day notice), the **referring clinic** must:
 - a. E-mail the requisition for blood work and ultrasounds to ofc-satellite@conceive.ca **before 3:00pm EST**. If e-mail is not possible, fax requisition attention Satellite Coordinator to 613 225-9736.
 - b. Indicate '**Satellite Patient**' on the requisition.
 - c. Provide key contact name from referring centre and fax number to send results to.
2. Upon receipt of requisition(s), the OFC Satellite Coordinator will book the patient for their ultrasound and/or blood work, notifying the patient directly of the appointment times.
3. Patients must show up on time for their appointment and respect the 'no-scented products' policy of OFC.
4. Once results for the blood work and ultrasound are ready, a secretary from the OFC will fax and/or email the results to the contact from the referring fertility centre. **The referring clinic should call the OFC before 3pm EST if they did not received the faxed results.**

ROLES AND RESPONSIBILITIES:

Referring Fertility Centre:

- Educate the patient about their treatment and administration of any medications required during their treatment. Extra fees will apply if injection teaching is required.
- Provide appropriate instructions on requisitions
- Provide appropriate instructions on any prescriptions which the referring centre requests an OFC physician to co-sign (see below for more specific prescription request requirements).
- Provide a key contact with whom the Ottawa Fertility Centre may communicate regarding the patient

Patient

- Pay related fees prior to start of monitoring
- Provide signed consent prior to start of monitoring
- Arrive on time for appointments
- Speak with referring fertility centre about their treatment and exam results
- Provide a reliable contact number so that OFC may contact the patient regarding upcoming appointments

Ottawa Fertility Centre

- Perform ultrasound and blood tests as per instructions on the requisition
- Report and fax results to referring fertility centre in a timely manner
- Co-sign prescription for endometrial lining preparation of medications available in Canada (excludes Growth Hormone, and FSH medications)

MEDICATIONS AND PHARMACY HOURS

Patients cannot fill prescriptions within Canada if ordered from outside of Canada. Patients who are being treated by a physician from outside of Canada may be able to have their prescriptions co-signed by a physician from the OFC on the understanding that this is being done at the direction of and under the supervision of the treating physician. OFC physicians cannot co-sign all medications, in particular FSH and Growth hormone medications. Patients should inquire about their own prescriptions prior to starting treatment to better understand which medications (if any) can be co-signed and purchased in Canada. If a patient can have their prescription co-signed, they may purchase medications directly from **Green Valley Pharmacy**, located on site at OFC.

Green Valley Pharmacy	Phone	613 688-5069
	Fax	613 688-5076
	Hours	M-F 7:30am to 3:00pm EST; Weekends and Holidays 8:30am to 11:30am

FEES

As satellite services are not insured services under OHIP or any other provincial health plan, patients will be charged per test (ultrasound and blood work) at the rates recommended by the Ontario Medical Association (OMA). See web site for complete details.

Satellite Coordination	\$1000 (per cycle)
Physician Consultation	\$355 (valid for one year)
Injection Teaching	\$100 (if required)
Injections by a nurse (if requested)	\$25
Ultrasound	\$173 per scan
Blood Work	\$116 per order (E2, LH, P4, and venipuncture)
Obstetrical Ultrasound	May be covered by OHIP or \$3461 for uninsured patients
Pregnancy Test (blood)	May be covered by OHIP or \$70 for uninsured patients

ADDRESS, HOURS OF OPERATION AND CONTACT INFORMATION:

Hours for Monitoring:	8 am to 9:30am. EST
Monitoring Contact:	ofc-satellite@conceive.ca from 7:30 am to 3p.m. Results faxed to the referring Clinic by 3pm EST
Fax Requisitions to:	613 225-9736 Attention 'Satellite Monitoring'
Address:	1 st Floor. 955 Green Valley Crescent, Ottawa, Ontario K2C 3V4. (North of Baseline and Prince of Wales)

Like you, we celebrate the joy of children. However out of respect for the sensitivity of those attending our centre as well as for safety reasons, we kindly ask that you make childcare arrangements when attending appointments at the Centre. Children are not permitted in clinical areas and exam rooms.

Consent for Diagnostic Test – International Satellite Monitoring

Patients seeking monitoring only services from the Ottawa Fertility Centre (OFC) are referred to as “Satellite Patients”. Satellite patients are under the primary care of a physician from a referring fertility centre whose physician is responsible for managing and directing the care of a Satellite Patient.

Patients who were not under the care of a physician of the OFC prior to cycle monitoring, must have a consultation with an OFC physician prior to any monitoring.

As a Satellite Patient undergoing monitoring services at the OFC, I further understand and agree to the following:

- Satellite Patients are required to obtain confirmation from the OFC prior to starting their fertility treatment cycle through another fertility centre in order to ensure the OFC can accommodate their monitoring.
- The Ottawa Fertility Centre will provide on-site monitoring for blood and ultrasound only.
- Patient teaching is the responsibility of the referring fertility centre, unless teaching is specifically requested in advance by the referring centre. An additional fee will be charged for patient teaching or any other additional service provided by the Ottawa Fertility Centre.
- Satellite patients are responsible for payment of a satellite coordination fee prior to the start of monitoring. All other fees are paid on the day the service is provided (e.g.: ultrasound and blood work). Satellite patients are not billed to OHIP.
- Monitoring blood work and ultrasounds shall be arranged through the Ottawa Fertility Centre Satellite Coordinator.
- Results of the blood work and ultrasounds will either (1) be given directly to the patient to forward to their physician; or (2) be faxed directly to the attending physician on behalf of the patient. It will be the patient’s responsibility to provide the Ottawa Fertility Centre staff with the name and fax number required.
- Post-treatment serum progesterone and serum beta hCG levels are billed to OHIP, if a patient is eligible.
- Obstetric ultrasounds to confirm pregnancy are billed to OHIP, if a patient is eligible.
- Physicians and other health professionals at the Ottawa Fertility Centre cannot be held responsible for medical issues arising from care originating at the referring fertility centre.
- All medications prescribed by a physician at another centre must be organized through the referring fertility centre and organized well in advance of starting treatment. There are limitations for any medications requested to be co-signed by an OFC physician. It is up to the patient to determine this eligibility prior to their start of monitoring.
- All follow-up care is the responsibility of the referring fertility specialist and it is the responsibility of the Satellite Patient to coordinate such care.

I am satisfied with these explanations and I understand them.
